## Report of Mother Moon's speech in Bolivia

Rev. Shin and Mr. Jeremy Jordan met the speakers at Viru Viru Airport in Santa Cruz. Mother and her family (Kook Jin, Jun Sook, Young Jun, Yeon Sun, and Jin Hwa) arrived in Bolivia at 9:45 am Thursday, October 5, and went directly to Hotel Camino Real. After lunch, the young people left for each event location.

Mother Moon gave her address at the Sonilum Convention Center. Even though bad weather might have been an obstacle

to the success, 1200 people came to the event.

Under the direction of Rev. Sagawa people organized a total of 12 events (11 in Santa Cruz, one in Cochabamba). Each hall and number of participants is listed as below. This time, other events took place in 11 public institutions. We want to report each 5 major events.

Sonilum Convention Center (Santa Cruz) — Mrs. Hak Ja Han Moon

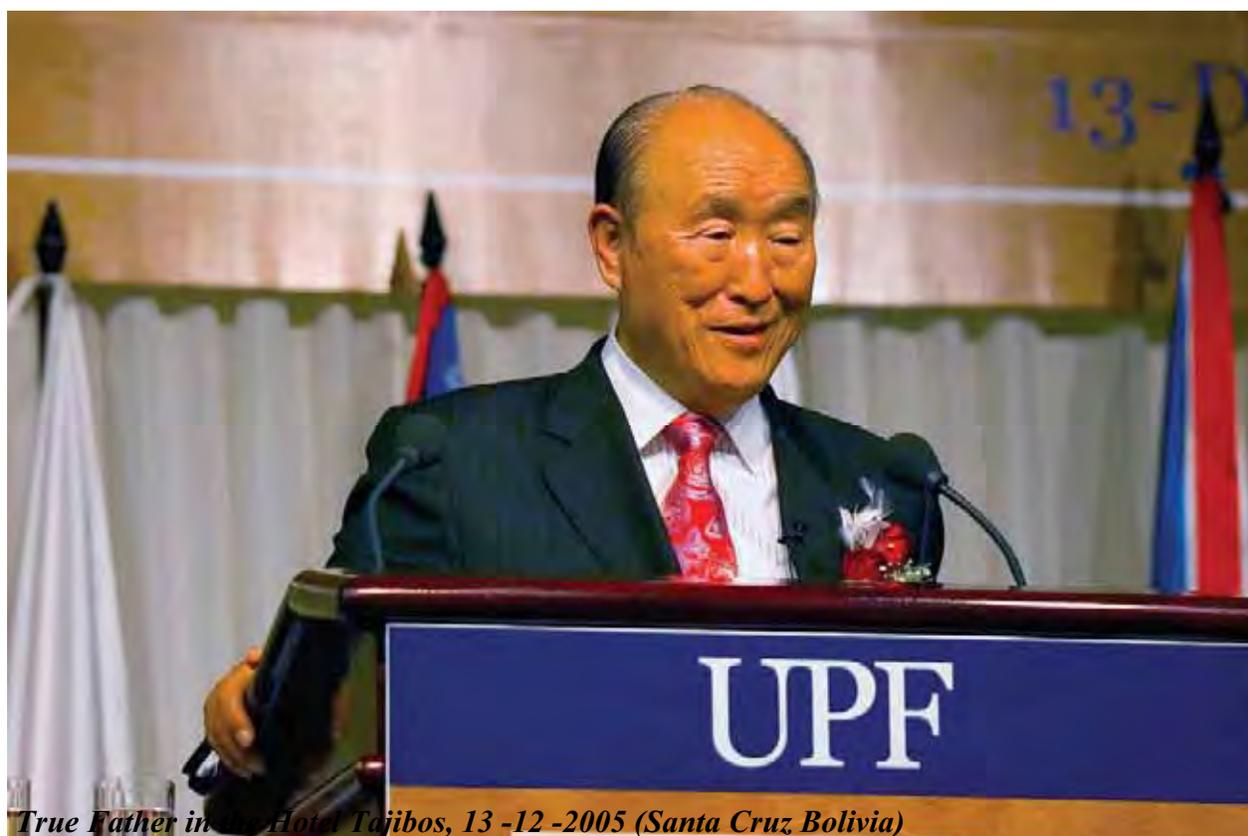

The speaker for the main event was Mother Moon. Nine hundred guests of all social classes attended the event. Rev. Silvio Arandia, a Baptist minister, gave the invocation, and Lic. Alvaro Guzmán, Director of Human Rights at the Ministry of Justice offered words of welcome.

The Ceremony of the Holy Offering took place with the participation of three guests. Three representative couples participated in the Holy Wine Ceremony, and the Blessing Ceremony followed.

After seeing the video about the Universal Peace Federation, the audience greeted Mother Moon with applause. She read the speech with conviction and was interrupted many times by applause. Other members of the True Family attended the event after concluding their speeches in the other locations.

At the end of the speech Mother Moon received a floral offering from Narda Peñaloza, who has a degree in philosophy and religion. Then various people were appointed Ambassadors for Peace.

## Independent University Gabriel Rene Moreno – Kook Jin Moon

### [Magna classroom] IUGRM (Santa Cruz)

---

The preparation for this event had a singular characteristic. The event was scheduled to begin at 14:00, but at that time there were many vacant seats. However, a great number of students overflowed the hall in 10 minutes. His speech was applauded by all the participants. Lic. Herlan Lopez, leader of student congress, offered a flower bouquet to Kook Jin.

## Military School of Aviation (Air Force) — Jun Sook Moon

---

**T**he Military School of Aviation is the unique place where the officers of the Air Force are trained. This event was particularly significant, since for a long time, the name of True Parents was viewed with some distrust in all the public and military institutions of Bolivia. The situation encouraged negative information in the mass media and rejection by the Catholic Church. However, there was much spiritual support for this event.

150 participants, the military high commands of the school and cadets attended. All of them are in complete attention. After speech, she gave some additional ward, said that it remembered much, her time of cadet in the west point, and she truly had a close affinity with them. Academic director of the Cnl Luis Coimbra Bush presented flower bouquet and Cap Jimmy Vasquez presented gift to Ju Sook Nim. After the event, she visited aeronautical museum. We are sure that after this event the relations with the public and military institutions will improve fully.

## Military School of Engineering — Young Jun Kim (Santa Cruz)

The Military School of Engineering is an institution which turned out many professionals in every field. Young Jun arrived at 13:00. Col. Alfredo Cruz, the academic director of the school met him. Eighty cadets attended the program in the convention hall. Young Jun Kim talked about the situation of Bolivia:

"Bolivia has many problems," he said, "but you are very intelligent people and are the hope of its country. The future of this country depends on you. If you study the words of Rev. Moon, you will find the way to develop this country." His speech received applause from all the participants.

planning the organization of the entire program. There were 180 police officers attending the event. By 12:30pm, the hall was completely full. Participants expressed appreciation for the speech.

## SAMENSA Inc. (Santa Cruz) — Jin Hwa Yoshida

---

Samensa Inc. was founded by Rev. and Mrs. Moon. All workers attended the event. Rev. Cho and President Park escorted Jin Hwa Yoshida. The event took place at the factory building, which was not an ideal setting for a speech.

Jin Hwa was pleased to do her task. She loved Samensa Inc. because Father and Mother Moon love the place.

In the middle of the speech, the interpreter had difficulties. The interpreter was a young woman, and she was inspired that Jin Hwa took an interest in her and sent her a thank-you letter afterwards.

## Faculty of Veterinary Medicine UAGRM (Santa Cruz) Mrs. Masako Nakata

The event started at 13:15 and finished at 15:15. The dean of the school, Dr. Roland López, welcomed everyone, and Dr. Pablo Rosales officiated at the ceremony of Holy Wine and Blessing in which the professors and students participated. During the speech the young people were touched. At the end, the 100 students and professors stood and applauded.

**E**vent took place in chamber of teacher's union. Secretary-general of union mobilized people but nobody came to chamber. Therefore members of Bolivia church visited middle high school, high school, and technical college of neighboring area.

Four teachers helped members and one of them were very devout. Finally 150 students and teachers came to chamber and the hall swarmed with a large

audience. One teacher addressed that True parents's task is very important for world peace and they have to join the movement.

We felt that heavenly father's strong assistance. When we faced difficulty, if we advance with hope and fearless heart, finally Heavenly father help us. We hope that there might be someone who will join and accomplish our movement in audience.
